

MASTER CLASS PROGRAMME

September - December 2022

Up-to-speed Master Class series 2022 (clients only)

De Brauw Master Classes – offered to a select group of clients – are given on a range of topics by our own specialists. In a series of two-hour sessions, our clients learn all about the latest developments in those areas of law that most affect them. All Master Classes are held either online or at our Amsterdam office. As attendance is limited, these Master Classes are interactive in nature, allowing everyone to share their experiences with fellow participants. All Master Classes are in English.
